Joseph W. DioGuardi, Superintendent
Addison Central School District
7787 State Route 417
Addison, NY 14801

Dear Superintendent DioGuardi:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

Task 1. School District Information

Disclaimers

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR Plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Page 1: Task 2.1, Task 2.2 (4-8 ELA and Math)

REQUIRED SUBCOMPONENT

(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent)

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please check the boxes below:

Assure that the growth score provided by NYSED will be used, where required.	Checked
Assure that back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.	Checked
For any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.	Checked

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English

language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

2.2) Grades 4-8 ELA and Math: Assessments

Using the drop-down boxes below, please select the assessment that will be used for the back-up SLOs for the grade/subject listed.

Please note: If your district/BOCES does not have grade/subject-specific teachers for one or more of the rows in task 2.2, choose "Not Applicable" from the drop-down box. This would be appropriate if, for example, the district/BOCES does not have certain grades; the district/BOCES does not offer a specific subject; etc. If a grade/subject ends in a State assessment, i.e., 4-8 ELA or Math, such assessment must be used as the underlying evidence for the SLO.

2.12) Teachers with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.	Checked
Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.	Checked
Assure that all growth targets are approved by the superintendent or another trained administrator.	Checked
Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.	Checked
Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.	Checked
Assure that processes are in place for the superintendent to monitor SLOs.	Checked
Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.	Checked

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

OPTIONAL SUBCOMPONENT

(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

- (A) a second State-provided growth score on a State-created or administered test; provided that the State-provided growth measure is different than that used in the Required subcomponent, or
- (B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate the use of the Optional subcomponent by making the appropriate selection below.

- If the Optional subcomponent WILL be used, please fill out tasks 3.2-3.12 by using the "Next" button to move through each task.

The Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Task 4. Teacher Observation Category

Please note, within this section, task 4.1 may contain the rubric selection(s) from your plan as it existed on June 2, 2015.* The remaining tasks in this section will not contain data from your previous plan and must be completed.

* Please note that documents and language will not be pre-populated into the plan if your district/BOCES chose to start with a blank application.

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district/BOCES may use multiple rubrics, as long as the same rubric is used for all classroom teachers in a grade/subject across the district/BOCES.)

Rubric 1

Rubric 2

N/A

4.2) Assurances

Please check all of the boxes below:

Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.

Checked

Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.

Checked

Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.

Checked

Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Checked

4.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Please check the boxes below:

Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the chart shown below.

Checked

Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

6.1) Assurances: Teacher Improvement Plans

Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.	Checked
Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas. 6.3) Assurance: Appeals

Please check the box below:

Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked
---	---------

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;
- (2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Teachers can only appeal a composite rating of "ineffective" or "developing". This is the only procedure for challenging composite ratings. The teacher can only appeal the substance of the annual professional performance review including an anomalous rating resulting from a teacher rated as Ineffective on the Student Performance category, but rated Highly Effective on the Observation category, the districts adherence to the standards and methodologies required for such reviews, and the adherence to the regulations for the Commissioner and compliance with all applicable locally negotiated procedures or the teacher improvement plan.

The teacher bears the burden of proving by substantial evidence that an evaluation should be overturned and may only file one appeal on a performance review. Therefore, the teacher must raise all issues at the time of the initial appeal. Said appeal must be submitted to the superintendent, in writing, within fifteen (15) calendar days of receiving their composite rating. If the appeal is in reference to the TIP it must be filed within fifteen (15) calendar days of receiving the TIP. The appeal must include a detailed explanation of the basis of the appeal, including any documentation to support the appeal.

The Lead Evaluator will be given a copy of the appeal documents and in conjunction with the Independent Evaluator must submit a response within five (5) days. The Evaluation Appeal Committee (EAC) will be composed of one (1) person selected by the Addison Teachers Association (ATA), one (1) person selected by the Superintendent, and one (1) person mutually agreed upon by the Superintendent and the president of the ATA. The EAC will review the submitted paperwork and render a decision by consensus within fifteen (15) days of the written appeal.

If the decision is to uphold the appeal, the decision of the Lead Evaluator will be overturned, and the EAC will order an adjustment to the teacher's rating. If the vote is to deny the appeal, the decision of the evaluator will stand.

If a consensus decision is not reached, the EAC members shall summarize the opposing viewpoints in writing and submit the summary within fifteen (15) days of the written appeal. The Superintendent will then review the EAC's findings and render a decision within five (5) days of receipt of the EAC's submission. The decision of the Superintendent is final and binding.

6.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Checked

- (1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable
- (2) Evidence-based observation techniques that are grounded in research
- (3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

- (4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice
- (5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers
- (6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers
- (7) Use of the Statewide Instructional Reporting System
- (8) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings
- (9) Specific considerations in evaluating teachers of English language learners and students with disabilities

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
- 2) the process for the certification and re-certification of lead evaluators,
- 3) the process for ensuring inter-rater reliability,
- 4) the nature (content) and the duration (how many hours, days) of such training.

- The district will certify and re-certify lead evaluators annually as qualified to conduct teacher evaluations under 3012-d.
- The District will provide at least two days of training annually to independent evaluators and lead evaluators through the GST BOCES Lead Evaluator Training program which will include the required components per section 30-3.10 of the Commissioner's Regulations.
- New lead and independent evaluators must have a valid NYS Administrator Certification and will complete 10 hours of training through the GST BOCES Lead Evaluator Training program prior to beginning the evaluation process. They will also be mentored by the Director of Curriculum and Instruction during a minimum of one evaluation cycle.

Inter-Rater Reliability:

Evaluators and Lead evaluators will maintain inter-rater reliability over time. Evaluators and lead evaluators will be trained through the GST BOCES Lead Evaluator Training Program in maintaining inter-rater reliability over time.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below:

Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for a teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.	Checked
Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked

Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner.	Checked
Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.	(No response)

6.8) Assurances: Assessments

Please check all of the boxes below:

Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.	Checked
Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.	Checked

6.9) Assurances: Data

Please check all of the boxes below:

Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.	Checked
Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked

Task 7. Student Performance – Required Subcomponent

Created: 09/03/2015

Last updated: 09/17/2015

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance:
<https://www.engageny.org/resource/appr-3012-d>.

Page 1

REQUIRED SUBCOMPONENT

(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)

(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Use the checkboxes to indicate the State assessments or Regents exams used**

7.1) Assurances

Assure that the growth score provided by NYSED will be used, where required.	Checked
Assure that back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.	Checked

7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school-wide student results from one of the following assessment options:
 - State-approved 3rd party assessment; or
 - State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: measure used**
- **Once a measure is selected, a corresponding menu will appear for the selection of the name(s) of the assessment(s) used.**

7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

11.3) Assurance: Appeals

Please check box below:

Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked
---	---------

11.4) Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
- (2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Administrators can only appeal a composite rating of "ineffective" or "developing". This is the only procedure for challenging composite ratings. The administrator can only appeal the substance of the annual professional performance review including the instance in which a principal is rated Ineffective on the student performance category but rated Highly Effective on the school visit, the districts adherence to the standards and methodologies required for such review, and the adherence to the regulations of the commissioner and compliance with all applicable locally negotiated procedures or the principal improvement plan.

The administrator bears the burden of proving by substantial evidence that an evaluation should be overturned and may only file one appeal on a performance review. Therefore, the Administrator must raise all issues at the time of the initial appeal. Said appeal must be submitted, in writing, within fifteen (15) calendar days of receiving their overall rating. If the appeal is in reference to the PIP it must be filed within fifteen (15) calendar days of receiving the PIP. The appeal must include a detailed explanation of the basis of the appeal, including any documentation to support the appeal.

The lead evaluator will be given a copy of the appeal documents and must submit a response within five (5) days of receipt of the appeal. The Superintendent will then review the written documents and render a decision within ten (10) days of receipt of the appeal.

The decision of the Superintendent is final and binding.

11.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Checked

- (1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable
- (2) Evidence-based observation techniques that are grounded in research
- (3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart
- (4) Application and use of the State-approved principal rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a principal's practice
- (5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its building principals
- (6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its principals
- (7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the department and/or the district/BOCES to evaluate a principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the principal's overall rating and their category ratings

(9) Specific considerations in evaluating principals of English language learners and students with disabilities

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
- 2) the process for the certification and re-certification of lead evaluators,

- 4) the nature (content) and the duration (how many hours, days) of such training.

1. The district will certify and re-certify lead evaluators annually as qualified to conduct principal evaluations under 3012-d.
2. The District will provide at least two days of training annually to independent evaluators and lead evaluators which will include the required components per section 30-3.10 of the Commissioner's Regulations.

Inter-Rater Reliability:

Evaluators and Lead evaluators will maintain inter-rater reliability over time. Evaluators and lead evaluators will be trained through the GST BOCES Lead Evaluator Training Program in maintaining inter-rater reliability over time.

3. New lead and independent evaluators must have a valid NYS Administrator Certification and will complete 10 hours of training through the GST BOCES Lead Evaluator Training program prior to beginning the evaluation process.

Checked

Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the supervisor or other trained administrator.

Checked

Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
